

REMARKS

Applicant has carefully studied the office action mailed August 11, 2006. The present response is intended to be fully responsive to all points of objection raised by the examiner and is believed to place the application in condition for allowance. Favorable reconsideration and allowance is hereby solicited.

Independent claim 1 has been cancelled without prejudice and claim 2 has been rewritten in independent form incorporation all limitations of claim 1. As indicated by the examiner, claim 2 is thus deemed allowable. Claims 3 – 14 depend on claim 2 and are also deemed allowable by the examiner. Claim 15 has been amended to depend from patentable claim 2 and is therefore deemed patentable.

In the interest of advancing prosecution, claims 16 – 18 and 20 have been cancelled without prejudice. Claim 19 has been rewritten in independent form incorporation all the limitations of previously pending claims 17 and 18. Additionally the wording of previously pending claim 17 has been corrected to overcome the examiners objection. Thus, as indicated by the examiner, claim 19 is deemed patentable. No new matter has been added

In view of the foregoing, reconsideration and allowance of all pending claims (i.e., claims 2 – 15, and 19) is respectfully requested. The Examiner is encouraged to contact Applicant's undersigned agent by telephone through the below telephone number, or by e-mail at Simonka@Barak.net.il if it would in any way aid in the advancement of this application to issue.

Respectfully submitted,

Dated: August 23, 2006
